TALK ABOUT IT:

1. **One of the things that God made is plants. Plants are very important because they give us food to eat. God takes care of us by giving us plants! Plants are all different shapes and colours. What colours do we see on plants?** (green, yellow, purple, white, etc)
2. As you go through your day, ask your preschooler about different things God made that they can see each day. **What colour is it? Is it soft or hard? Smooth or rough? What do we use it for? Then, pause and thank God for what He made.** (Wow! Look at the tree God made. Feel the trunk, is it smooth or rough? Thank you God for trees!)

FAMILY PRAYER:

Dear God, thank You for making the whole world. Thank You for making plants that are beautiful to look at. Thank You for making plants that are yummy to eat. In Your name, Amen.
