

## Passion Week 2025 The Cross Experience: God's Passion Revealed

Catherine Littlejohn is the creator of the Passion Week meditations. Growing up in a small town in western Canada, Catherine developed a passion for God and people at an early age. She holds a degree from the University of Calgary and is a small business owner, but she considers her greatest accomplishment to be raising her three children alongside her husband. Littlejohn has sought to weave her passion for understanding our relationship with God into her life and ministry. Catherine and her family attend the Bearspaw Campus of Centre Street Church, where she volunteers to help lead the Bearspaw Women's Gathering and is actively involved in the prayer ministry.
